

Dear Editor,

Last winter I was approached by a parent who wanted to donate some initial funds to build a concession stand that would be utilized for youth baseball at the Nikolay Middle School. Her idea was to provide a more permanent and aesthetically pleasing stand for our youth baseball program. After meeting with the parent and taking her ideas to the school district, it was determined that the building of a concession stand would be a great project for the high school construction class. During the second semester of the 2008-09 school year, Mr. Wolf's high school construction class took on the task of building this concession stand.

Many businesses, individuals, and organizations worked together to make this project happen, whether they contributed time, labor, tangible items, or made monetary contributions. All of these contributions served as valuable and important elements in the completion of the concession stand.

The CAP would like to acknowledge the following people for their contribution to the project: Diane Owens for her generous monetary contribution; the Cambridge High School Construction Class for their time and labor; Mandi and Tony Buonincontro for the steel roof; Lou Pitt and Jim Teisberg of LP Home Remodeling for installing the roof; Tom and Andy Hensel of T & T Stone and Randy North for transporting the completed stand; Janelle Bamlett for the countertop and cabinets; Shannon Tuscic for her time and accessories for the stand; Rich Horton and Jeremy Porter for the electrical work; Mr. Wolf for the serving counter and overseeing the project; Scott Frey LLC for the siding and accessories; Henry Furseth for cabinets; and Joe and Wanda Pleshek for the door.

The youth baseball concession stand project is yet another great example of adults working cooperatively to benefit the children of this community. The youth baseball program will benefit immensely from this collaborative effort for many years to come. The CAP is truly blessed to have such committed and enthusiastic supporters. We have much to be proud of in Cambridge - another job well done!

Sincerely,

Bridgette Scott

Executive Director, Cambridge CAP
