### **Youth Center**

58 different students attended the Youth Center during March. The daily average was 12 students. Despite a lower daily average for the month, six new students have attended the youth center, and our number of unduplicated students served is now at 71.

We visited Our House Assisted Living again in March. The kids enjoyed bingo and camaraderie with the residents. We had nine students attend, which is two more than last month and we hope to continue to increase our numbers for the April visit.

### **Seniors**

Two senior luncheons were hosted in the month of March with an average of 16 participants per meal. This is an increase from last month of twelve participants per meal. A presentation from AARP was enjoyed, and we also had a social at the end of the month celebrating the St. Patrick's Day Holiday.

The AARP Safe Driving Class was held on March 20 and we had nine seniors attend. Overall reviews were excellent, and participants felt the four hour class was very beneficial and would recommend to a friend. Chad is working to confirm dates for a fall class.

### **Park**

Pre-season park passes are still on sale for twenty dollars. To date we have sold 24 (as of 4/3), which is double the sales from the last report. Chad has been doing a great job with ongoing Facebook marketing. Chad offered a loyalty discount to those who booked a shelter in 2016 in hopes to retain at least half of them for the upcoming season.

### **Food Pantry**
